

Date: December 28, 2022

Dear Residents and Loved Ones of Allen Gray Care Centre,

**We are on “Confirmed Covid-19 Outbreak in FIR” as of December 27, 2022**

We have two residents and one staff tested positive for Covid-19 as of Dec.27, 2022. We also have couple residents and staff remains symptomatic and their PCR results are pending. Our outbreak lift date will be as of January 12, 2023 as long as we have no new cases.

If you are exposed and if you have any symptoms, please do not visit the site. We ask that you limit your visit as much as possible while we are on the outbreak.

We are continuing to follow all guidelines from the PH, CDC and AHS.

**We implemented the following guidelines:**

1. Mask at ALL times in the facility and we encourage you to wear eye protection while we are on outbreak, with the exception of when eating/drinking during meals (for staff only), ensuring you are physically distanced from others.
2. High touch cleaning, 2 times a day and low touch cleaning once daily.
3. Removed shared items (e.g. salt shakers)
4. Follow break room guidelines. Main Dining/cafeteria maximum 2 people on a table,
5. Rigorous hand hygiene
6. Staff are not to enter facility if they have symptoms, if symptoms developed during their shift to notify manager and leave immediately.
7. Monitor symptoms of residents daily. Currently focus on swabbing any symptomatic residents.
8. Hair salon can remain open, no groups and use of masks at all times
9. Recreation can have small group activities as long as the residents are physically distant from one another (10 people max), except in FIR.
10. Discourage visitations especially for symptomatic and COVID + residents. If visitors decide to visit symptomatic/COVID + resident, ensure they are donning and doffing PPE appropriately.

The health and safety of residents, families and staff is our first priority and a responsibility we take very seriously. Should there be any further updates, we will provide these to you as we receive them for the duration of the outbreak.

Again, thank you and we appreciate all the support and concern.

Sincerely,

Manju George, DOC, 

Charlotte McFadden, CEO
